COMMODITY LINE CLASSIFICATIONS—MERCHANT WHOLESALERS AND FARM PRODUCTS ASSEMBLERS (TABLES 6A, 6B, 6F, 6G, AND 6H)

Below is the list of commodity lines which appeared on the census forms used in enumerating merchant wholesalers and farm products assemblers in connection with the 1954 Census of Business. Absence of a commodity line under a kind of business or geographic division indicates that it is not usually sold by establishments in the classification and that the amount, if any, was too small to be recorded separately. Sales, if any, of commodity lines not shown separately are combined in the classification "Commodities, n.e.c." Space permitted more complete description of some classifications here than in the tables.
